PAPUA NEW GUINEA PREMIER DOMAIN HOSTING

Hosted Microsoft Exchange

K20 / month per user

Let us manage your mail. You run your business.

Many of our customers are considering a move to an offsite email solution. We've been providing Hosted Exchange for several years and nobody offers this service at a lower price. Let us help you connect all of your employees and all of their devices. Share contacts, calendars, tasks, and appointments, all with the safety and reliability of a managed Exchange solution from a company you already trust.

Shared calendar and contacts: Users can compare calendars to schedule meetings and have access to collaboration features like shared calendars, groups, global address lists, external contacts, tasks, etc.

Mobility: Includes ActiveSync. Sync your Smartphone to your Exchange account. Works with iPhones/iPads, Android, Windows Phones, Nokia and Blackberry devices.

Large mailboxes: 25 GB of mailbox storage standard and the ability to send attachments up to 50 MB (larger attachment sizes upon request).

Antivirus/anti-spam: Your current spam filtering service is included in this price, both inbound and outbound filtering.

Web-based access: Free Outlook Web Access. Access mail from anywhere with this premium browser-based experience that matches the look and feel of the full Outlook client.

Initial Fees: No setup fees, no contracts.

Guarantee: 30 day money back guarantee. 99.9% Uptime.

Lowest Pricing Available: K20 per month per user (Minimum three users please). No tiered pricing - Our low price includes all Exchange features. Nobody offers a package like this for such a low price.

Support - Enjoy the same great support that you're currently getting with Online Spam Solutions.

Migration: We'll walk you through the transition from your internal Exchange server or from your POP/IMAP service. We'll help you migrate your email, contacts, calendars, and other resources to our Hosted Exchange Platform.

Archiving: For an additional K15/mo./user get unlimited email storage with an unlimited retention period. Fully searchable archive.

Email Archiving

Every email your company sends or receives (even deleted messages) – all saved and searchable.

Complete Archiving

Online Spam Solutions uses archiving systems from Barracuda Networks. This solution captures and indexes all inbound and outbound email content including subject, body, attachments and folder information as well as calendars, contacts and tasks.
Storage and retention S g periods: Unlimited storage. Unlimited retention period.

Folder Management

The Archiver Solution maintains an organization's folder structure. Through the web UI, all folders can be seen and searched. Users can also see and search folders from the Outlook add-in.

User Access

An Exchange add-in lets users access their archived e-mails in synchronized folders through Outlook. Users can stub messages and restore stubbed attachments. iPhone and Android apps grant access to mobile users.

Intuitive

The web UI, Outlook add-In and mobile apps enable full-text searches using tags and message content. Users can easily search their own archives, view stored emails and forward them. Administrators have complete access to the entire archive.

Compliance:

The Message Archiver is purpose built to support compliance with PCI DSS, HIPAA, FINRA and other regulations. This simplifies regulatory compliance and speeds fulfilling HR and legal discovery requests.

Infrastructure: Online Spam Solutions maintains clustered servers for all of our arrays of services in geographically diverse data centers in order to maintain a redundancy model to ensure 99.9% uptime for our hosted services. Our servers are maintained by Online Spam Solutions employees 24/7/365. All of the data centers we work with maintain a minimum of 2 paths to Tier-1 transit carriers to the internet, along with redundant power feeds, and onsite backup power generators. Our list of data transit providers currently includes Cogent Communications, Level3, and PaeTec.
